HELLO FRIEND

I'm Lauren

I've been photographing weddings since 2020, bringing my love for film and cinematography into every shot. My goal? Simple: to tell your authentic love story. I focus on capturing real moments and the connection between you two, making sure you feel comfortable and relaxed. With a mix of candid moments and just a little guidance, I'll create timeless images that really reflect your day from start to finish.

I believe in the power of authenticity and timeless memories, which is why most of my packages include tangible products—you'll have a keepsake to treasure for years. If you're all about genuine moments and want your wedding to feel true to you, we'll be a perfect fit!

Love Notes

Lauren completely blew me away with my sneak peak pictures and she was quick!! She captured all of the best moments of my day and even the details perfectly. If you are considering another photographer, DON'T! Lauren will give you the best memories to last a lifetime!

Ceara + Austin

I cannot express enough how amazing of a photographer Lauren is. Not only did she capture beautiful moments and now we have amazing pictures to look back on but she was so fun to be with the entire day of our wedding. It poured on our wedding day.. but Lauren assured me that everything would be okay and turn out great; and it did! The year leading up to our wedding Lauren checked in and a few weeks before our wedding took the time to go over the timeline and shot list! I highly suggest Lauren as your wedding photographer!!!!

Sara + Tony

Lauren was a dream to work with on our wedding day. She captured every detail of our day so beautifully. Our pictures came out amazing. We couldn't have asked for a better photographer for our day.

ENGAGEMENT SESSIONS

The engagement session included in every package is a great way for us to connect before the big day. It's a relaxed, fun way to get comfortable in front of the camera and capture your connection. Plus, it's the perfect opportunity to get photos you can use throughout your wedding planning!

Engagement photos aren't just for your gallery—they can be used for save-the-date cards, invitations, or even your wedding decor. I also offer design assistance through Minted, so you can easily incorporate your photos into custom designs.

If you'd prefer something different, no worries! You can choose alternatives like an extra hour of coverage, a bridal or family shoot, or extra albums and prints of equal value. Whatever works best for you!

The Importance of the 2nd Photographer

A second shooter is incredibly valuable for your wedding day! Not only does it allow us to capture multiple angles and perspectives at once, but I also use them as a personal photographer for the groom. While I'm with the bride, my second shooter focuses on the groom's prep—capturing candid moments, details, and special interactions with family and the bridal party. This helps the morning run smoothly and ensures that no moment is missed. I work with a trusted team to maintain a seamless style across your entire gallery, so you can be confident the photos from both photographers will flow together beautifully. Whether it's the ceremony, reception, or quiet moments, having a second shooter ensures a more comprehensive and stress-free experience for you both.
